## WHY FACEBOOK?

Keep it clean, apolitical, uncriticizing and lively. Vary history, meet cousins, family milestones, how do you relate, this day in history, chatter and humor. The quiet objective is discovery of new cousins- their lines. Promote submission of lines and DNA. PICTURES!

History and genealogical organization in Western North Carolina providing a research library, research services, bookstore and educational programs.

# PERMANENT REPOSITORY

Burleson Family Research Group has negotiated perpetual storage of any and all data storage behind the firewall of the Old Buncombe County Genealogical Society in Asheville, North Carolina. We also successfully acquired unlimited data and physical item storage in the new climate-controlled Daughters of the Republic of Texas Library in San Antonio.

# FIELD TRIPS VERSUS FAMILY REUNION

- There are ten Burleson family associations, eight in Texas alone. BFRG is happy to send representative(s) to local reunions for pictures, documents, etc.
- Our strategy is to send researchers to historic Burleson sites to meet larger groups of cousins. Costs are controlled, complaints are minimized, the documentation we need is there, genealogical historians are on site and we get to walk in our ancestors' footsteps.
- Seventy-five cousins met us along field trip one: Virginia > North Carolina > Tennessee.
- Eighty—seven cousins met us on field trip two: across the width of Texas.
- No BFRG funds were expended on these field trips.
- Field trip three? April 29-May 6 we'll be in Old Saybrook, Suffield and Hartford, Connecticut- origin of Burlesons in America.
